

6.0 SOCIOECONOMICS RESPONSES

6.1 Appendix B (g)(7)(B)(i)

Comment

Please provide the number of workers to be employed each month by craft during construction and operation.

Response

Section 3.6-1 and Table 3.6-1 of the AFC indicate the number of workers that will be employed during the construction of the MGS by craft and by month.

Section 3.7 of the AFC indicates that operation of the power plant will require approximately 32 employees. Table 6-1 identifies these employees by craft.

6.2 Appendix B (g)(7)(B)(vii)

Comment

Please provide an estimate of the total operation payroll.

Response

The total operation payroll is estimated to be between \$2.3 million and 2.5 million.

6.3 Appendix B (g)(7)(B)(viii)

Comment

Please provide an estimate of the expenditures for the operation phase of the project.

Response

Expenditures for the operation phase of the project is estimated to be between \$3.5 million and \$4.0 million, including labor and materials to operate and maintain the plant.

6.4 Appendix B (g)(7)(B)(ix)

Comment

Please provide an estimate of the tax revenues from operation of the project.

Response

The City of Vernon is a public body, corporate and politic, and a California municipal corporation. The City's real and personal property is not on the secured or unsecured property tax rolls, and is therefore not subject to those types of taxes.

However, the City is subject to the sales tax for the personal property equipment it purchases for the MGS Project. The City estimates the sales tax burden for the MGS Project to be approximately \$3,800,000.

Additionally, the City will be hiring new employees for the generating station. These new employees will have an incremental tax impact to the community, in the form of additional income and other taxes they will pay as they spend their disposable incomes.

6.5 Appendix B (h)(1)(B)

Comment

Please create a table which identify each agency with jurisdiction to issue applicable permits and approvals or to enforce identified laws, regulations, standards, and adopted local, regional, state and federal land use plans, and agencies which would have permit approval or enforcement authority, but for the exclusive authority of the commission to certify sites and related facilities.

Response

There are no specific permits required relating to socioeconomic issues. This was mentioned in Section 8.8-8 and summarized in Table 8.8-8 of the AFC. A letter is being submitted to the CEC from Mr. Kevin Wilson, Director of Community Services and Water stating that the City of Vernon is a California municipality, corporate and politic with jurisdiction over the MGS project. The City's jurisdiction over the MGS includes the issuance of permits for construction and operation, the regulation of the facility for compliance with City LORS for building, zoning, land use and water usage. This letter is reproduced in Figure 6-1.

6.6 Appendix B (h)(2)

Comment

Please provide a discussion of the conformity of the project with the requirements listed in subsection (h)(1)(A).

Response

The MGS project will not result in significant environmental impacts to the area. The City is a municipality and exempt from State school impact and assessed development impact fee requirements. The City has no local socioeconomic requirements.

6.7 §2022 (b)(1)(B)

Comment

Please provide a discussion of the conformity of the project with the requirements listed in subsection 2022(b)(1)(A).

Response

See response for Appendix B (h)(2), above.

6.8 §2022 (b)(1)(D)

Comment

Please provide a list of the requirements for permitting by each federal, state, regional, and local agency that has jurisdiction over the proposed project or that would have jurisdiction, but for the exclusive jurisdiction of the commission, and the information necessary to meet those requirements.

Response

As stated in Section 8.8.8 of the AFC, no permits are required by local, state and federal agencies as they relate to potential socioeconomic impacts.

6.9 §2022 (b)(4)(A)

Comment

Please provide demographic information by census tract, based on the most recent census data available, showing the number and percentage of minority populations and people living below the poverty level within six miles of the proposed site.

Response

The distribution of minority and low-income populations within a 6-mile radius of the MGS based on year 1990 census data is listed in Table 8.8-7 of the AFC. A map identifying the locations of these census tracts is provided in Figure 8.8-1 of the AFC. A map showing the minority population distribution based on the year 2000 census data at

the census block level is presented in Figure 6-2. A summary of the minority population distribution is provided in Table 6-2.

A map showing the distribution of low-income (poverty) populations is presented in Figure 6-3. This distribution is based on the revised 1990 census data at the census block group level. A summary of the low-income population distribution is also provided in Table 6-3.

6.10 §2022 (b)(4)(B)

Comment

Please provide one or more maps at a scale of 1:24,000 showing the distribution of minority populations and low-income populations and significant pollution sources within six miles of the proposed site, such as those permitted by the U.S. Environmental Protection Agency (Toxic Release Inventory sites), the local air quality management district, or the California Department of Toxic Substances Control.

Response

See responses to comments for §2022 (b)(4)(A) in Section 6.9.

Table 6-1
Distribution of Workers by Craft During Operation of the MGS

Craft / Position	Number of Workers
Plant Manager	1
Operations Manager	1
Maintenance Manager	1
Plant Engineer	1
Plant Accountant	1
Administrative Assistant	1
Shift Supervisor	4
Operators Senior	4
Operators Junior	8
Mechanics	4
Electricians	3
I&C	2
Warehouse/Receiving	1
Total number of employees	32

January 30, 2002

Mr. Steve Larson
Executive Director
California Energy Commission
1516 9th Street
Sacramento, CA 95814

Dear Mr. Larson:

The City of Vernon is a California municipality, corporate and politic, with jurisdiction over the Malburg Generating Station Project (MGS Project).

The City's jurisdiction over the MGS Project includes the issuance of permits for construction and operation, the regulation of the facility for compliance with City ordinances and rules for building, zoning, land use and water usage.

Sincerely,

CITY OF VERNON

Kevin Wilson
Director of Community Services
